

BattRack™ BRU-series integrated battery cabinet solution offers a turn-key battery and battery cabinet option for UPS battery backup.

Cabinet solutions are available in both size and color to match most UPS system manufacturers.

Cabinet solutions can be equipped with an optional circuit breaker for either external or internal disconnect access, fusing, optional levelers, casters, hinged doors or system overcurrent protection.

Cabinet solutions can be integrated with the BatteryInformer® providing battery state of health remote monitoring and battery warranty management.

System Features

- **NARADA HRL** Series batteries
- Removable front, side and back panels for battery access
- Electrostatic baked epoxy power coat for superior durability and resistance to corrosion and scratches
- Standard Color (off-white) Custom Colors Available
- Manufactured under certified compliance to: ISO9001:2000 and ISO14001
- Forklift accessible
- Overcurrent Protection Breaker / Fuse
- Vented and meets NEMA 1 Standard
- Factory prewired and ready for installation
- Integrated thermal management
- Latched and locking front panel
- Compliant to UL 1778 and UL 924
- Fixed or sliding tray option
- Battery monitoring

APPLICATIONS

- Uninterruptible Power Supply (UPS) Systems
- Communications
- Central Office
- Data Centers
- Emergency Lighting
